Kaffke, Robert

Paul - Kaffke was also an informant for the Frisco P.D., this before being one for the FBI. He spread the misinformation about Arnold Kessler, so I presume he was also Hal's Kessler source of years ago. ...In Mexico he gave the FBI the name Arnold only. It did its work well and figured out the right one by the time he was in Brazil. It got his picture and Kaffke confirmed from it. ...Because there is no substance to this I did not make copies. ...Kaffke is no less crazy that I told Hal he is the one night I met him, when Hal had me address his group at a private home. He is so crazy he told the Mexican police that he was pro-Castro, had been there and was trying to go again. The FBI did not approve his views. ...This may well mean that the SF PD and the SF FBI have files on all in Hal's group and all he met through Hal and any of them. ...Not having heard from you I presume you remain busy and that if you spoke to Hal after getting the records I sent he said nothing of any great consequence. ...Last word on Kessler: he went back to Detroit and so far as the records I've seen indicate he stayed there.
